

Fishing Review Game

Print and cut out these fish, frogs and turtles. In each mouth put a paper clip and write on the back of the fish a number of points (20, 30, 40, 50, and so on). On the frog write “no points” and on the turtle write -20 points. Place all the fish, frogs and turtles in a large plastic bowl. Prepare a fishing pole by using a stick, a string, and a magnet on the end of the string. Divide the class into two teams and ask a review question. The child who stands first and gives the correct answer gets to take the fishing pole and put it in the bowl (hold the bowl above his head so he cannot see where the fish are). His team gets the number of points on the back of whatever he catches. Continue like this until you finish your questions or until you run out of time.
