

## Sifted Trials Review Game

We saw from Job's life that Satan can cause bad things to happen to good people. However, it's important to remember that God is more powerful than Satan, and **He's in charge!** He sifts our trials for us, and won't let anything bigger than that which we're able to handle get through to us (check out 1 Cor. 10:13!). God uses the trials we go through to make us stronger→if we will trust Him as Job did (James 1:2-4)

To prepare this game, cut out Job's ten trial squares and the ten sifter squares. Glue a trial square on the back of each sifter square and cover them with clear contact paper if you like. Place the ten pieces on a table (sifter side up).

To play the game, divide the class into two teams. Ask team one a review question from your lesson. The child who stands first and gives the correct answer gets to turn over two squares. If the trials on the back of them match, he keeps them for his team and tries again. If they don't match, he turns them back over and returns to his seat. Ask team two a review question and continue in the same way. When all of the matches have been found, count to see which team has the most and declare them the winner!
