

## Vital Signs of the Christian Life

### *Are you sure you possess new life?*

Some of you may have grown up in a church or Sunday school where you heard the Gospel often. You may have even prayed a sinner's prayer where you asked Jesus to forgive you of your sins and give you a new clean heart. If you truly did repent of your sin and believe that Jesus died for your sins, then you can be assured that He kept His promise to give you a new life (John 3:36).

Many times as you grow into your teens, you can have doubts about your earlier decision. Maybe you can't remember praying (your parents tell you that you did). Or, since your understanding has grown so much over the years, maybe you don't know how much you understood about Christ and this important decision. Or, maybe you are weak in one or more of the vital signs we have discussed tonight. Whatever the reason, if you have any doubts about your salvation, ***make sure tonight!*** (John 3:18)

#### **Admits your sin**

Write some of your sins on this dark heart, admitting that you are indeed a sinner before God.

#### **Believe on Jesus Christ**

Believe in your heart that when Jesus was nailed to the cross, He took your sin upon Himself and paid the full price.

#### **Call upon the Lord**

Ask Him to save you from your sins and the punishment you deserve for them.

If you believe in Jesus, you will not be condemned for your sins because Jesus took your condemnation on the cross. If you refuse to do this, then you will have to experience God's judgment for your sins.

### **Check Your Spiritual Life's Vital Signs**

The Apostle John was used by the Holy Spirit to give us several different signs of a vital Christian life. Think about each of these signs and write down practical ways these can be seen in your life.

**Problems in any of these areas should alarm you and motivate you to get immediate spiritual help!**
